

BLACK CREEK Cattle Co.

Complete Angus Dispersal

April 22 , 2022 - 1:00 pm

Heartland Livestock Virden, Manitoba

Welcome to Black Creek Cattle Co!

I never saw this coming last October. I thought we were going to get through a very dry 2021. We dealt with a dried up dugout and harvested every extra acre we could so it looked like our silage pile was at least as big as previous years. I was looking forward to my first baldy crop of calves as we bred half our commercial black cows Hereford. With great optimism I even picked up 3 bred cows at the Mar Mac dispersal.

Mid January and it became very apparent that the volume of my silage pile was not translating into tonnes and I was already approaching the March mark. Even with the Drought Assistance programs available it became very evident that I was not going to buy my way out of this feed shortage. Partial dispersal was an option; however, I began to notice that Father Time was catching up to my Dad. I need him here 24/7 and at his age I just decided that was not fair or safe option and hence just let the complete herd go. My Mom has medical issues and he needs to spend his 24/7 at home now.

I am very proud of what my Dad and I have accomplished. We have the herd exactly where we wanted in terms of numbers with a great group of young Innovation, Stoney, Jackson females ready to perform. Black Creek have built our herd from within. We took the time to search out a fine group of breeders that take pride in the consistency of their cow herd. Cow herds that are uniform and produce a uniform set of calves. These breeders all work hard at their cow herd and believe that good cows have good calves regardless of who the sire is. Their cows calve early each year, bring in a big calf at weaning, and have a gentle disposition with beautiful udders. Then they see the daughters of these good cows doing the same thing. This is where my herd is at now.

We were able to jump start our herd through the purchase of a few quality bred heifers from Dale Easton (Eastondale Angus), Alvin and Troy Frick (Northern View Angus), Brian Sutter (Atlata Angus), Trent Liebreich (Merit Cattle Company) and most recently from the McRaes at Mar Mac Angus. Most of these purchased females are still active in our herd and we have retained our best open heifers and they are also now active in our herd doing exactly what their mothers did.

We were always committed to use maternal sires on this young herd and to focus on developing balanced cattle. Cattle that are designed for easy calving, explosive growth, moderate frame, quiet disposition, and to leave a great set of replacement females. Consistency resulting from building a group of cows that have mothers, daughters, granddaughters working as one.

From our 100 cow herd we would select 15 bull calves for our potential herd sire bull pen. We started by selling yearling bulls at the Manitoba Bull Test Station Sale and gained enough confidence from these sales that we now market by private treaty off farm. Our Reference sires for this year's pen include Bear Creek Jackson 088F, Young Dale Believe 63D, and Eastondale Thunder 31F. We are proud of our pen and give the credit to the mothers of these young bull calves. These guys sell off farm and are not part of the female dispersal.

It is very hard to let go and as each of these females went through the calving barn this past February. Many days I almost reversed my decision to disperse. These cows have a very strong set of calves at their side. One of the greatest joys in this industry is watching the little rascals run, jump and play out in the pen just at dusk. I am going to miss this. The biggest disappointment is that I have to maintain my off farm employment.

Please drop by and view our herd prior to sale. There is something here for everyone.

Offering: **94 Cow/Calf Pairs**
15 Yearling Heifers
5 Herd Sires

Welcome from Castlerock Marketing

Life has a way of disrupting our goals and plans of what we envision for the future when we are least expecting it. To come out on top with the challenges that we all face from day to day we need to roll with the punches and work within those challenges. Presented in this catalogue in a lot of great work put together in 15 short years by simply breeding for good cattle and let them sort themselves out on their own. Black Creek has done exactly this, a well kept secret is no longer that. A great opportunity is before you as a buyer to take these working cows home with a calf at side letting you start a new cow family or perhaps make your herd bull selections a year early. They are all coming to town with great genetics that are working, a vaccination program that is top notch and best of all they are ready to go to grass in the very short term and work for you. This cattle market is about to go wild leaving this wide open for you to capitalize on, the work is done for you. Be sure to give Jeff or Phil a call to stop in for a look through the herd or join us Thursday April 21st to preview the offering. We look forward to hearing from you!

See you sale day!

Testimonial

We have purchased bulls from Black Creek Cattle Co. over the past number of years. Everything from heifer bulls to herd builders. Their bulls have never disappointed us, and have always been easy to handle. The first bull Jeff ever sold us is still working in our herd today; this speaks to the genetics utilized in their program that add performance and longevity. Good quality cow herd. Jeff and Phil have been top notch to work with and always available if needed.

Terms and Conditions

1. Terms: The terms of the sale are cash or cheque at par. No releases will be given until satisfactory settlement has been made. All monies are in Canadian Funds, other funds will be accepted at the current rate of exchange.
2. Bids: Every animal entering the ring will be sold to the highest bidder.
3. Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.
4. Announcements: Any changes from information in this catalogue will be announced from the auction block; such changes will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to any such announcements.
5. Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold.
6. Certificate of Registration: Each animal in the sale will carry registration papers issued by the Canadian Angus Association. A certificate duly transferred will be furnished to the buyer for each animal after full and total payment has been made.
7. Accidents: Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer, or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.
8. Liability: All persons attending the sale do so at their own risk; sellers and/or sales management and/or any of the sales staff assume no liability legal or otherwise for any accidents occurring in, on, or about the premises.
9. Insurance: Livestock insurance and/or transit insurance will be available.
