LAURON RED ANGUS BULL & FEMALE SALE

Offering **58 BULLS
& Open Females**

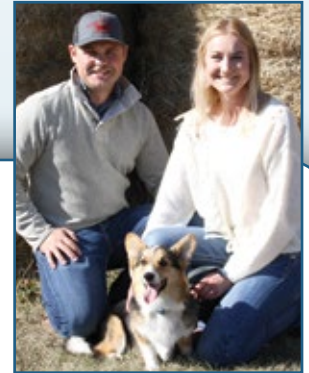

Ron & Laurie

Garilyn, Emmett, Rhett & Jared

Jen & Ryan

Travis & Alex

WELCOME TO OUR 32ND ANNUAL BULL & FEMALE SALE 2023!

We extend a huge thank you to all who have supported our program in the past and we look forward to meeting new friends and customers. We appreciate you all who work behind the scenes to bring forth a set of cattle for your appraisal.

Through the years, we try to assemble a set of bulls and females that can perform in true settings, thus we raise our castle on natural pasture without creep, cull

vigorously for traits we find valuable such as calving ease, performance, maternal strength, structural soundness and eye appeal. We welcome you to tour the herd anytime. The bulls are wintered on a forage ration consisting of silage, chopped hay, rolled oats and a custom formulated bull supplement to ensure longevity and expression of growth. We target for about 3 -3.5lbs. of gain per day, bulls are ready and eager to get out and work! By sale day they will have received Fusogard vaccine for footrot and passed a semen test. No deferred bulls offered. Scrotal measurements and updated weights will be available closer to sale day. The purebred open heifers are representatives of our cowherd that we feel will make outstanding replacements from pedigrees that we find work. The commercial heifers are managed the same, home raised and a few sourced from Ric Arthurs. All will be palpated to ensure breeding soundness.

We will be having a live video sale once again, DLMS will be onsite for online bidding so please familiarise yourself and sign up prior to the sale. Of course there is in person bidding or phone bid contacts or any of the sales staff will be happy to help. Cattle will be penned just outside the sale barn sale day, but feel free to tour the cattle anytime prior, just give us a call to discuss any questions you may have. Directions to the farm are 5 miles east of the Didsbury overpass off QE II on Highway 582, north side of the road. Check out the video links of our website www.lauronredangus.com or DLMS. Bulls can remain at the farm free of charge until May 1, \$4 day feed charge thereafter. Any animals staying must be insured and Cheryl Brown Stockman's Insurance will be on site. If you choose to take your purchases home sale day or within 1 week of the sale receive \$100 off your purchase. Delivery can be arranged so please give complete instructions at the settle up desk at the conclusion of the sale.

Join us for lunch sale day. We look forward to a visit!

EPD'S

Expected Progeny Differences - EPDs are one tool to help in selecting decisions that compare an animal to his contemporary group, the numbers will change as the more data is collected and will increase the accuracy.

BW Predicts the difference in average birth weight compared to breed average (expressed in lbs.)
WW ability of calves to grow from birth to weaning (expressed in lbs.)
YW Growth from birth to yearling (expressed in lbs.)
Milk Indicates milking ability of bull's daughters, expressed in lbs. of calf weaned.

CANADIAN ANGUS EPD AVERAGES 2022								
RED EPD's	BW	1.1	WW	40	YW	68	MILK	24
BLACK EPD's	BW	2.0	WW	52	YW	92	MILK	23

CALVING EASE LEGEND

"Calving Ease is related to factors including birth weight of the bull, gestation, nutrition, dam's genetics and her management and environment. The Calving Ease score is our best estimate considering Actual BW, EPDs, structure of the bull and genetics."

- **** Likely to have a high level of calving ease.
- ** Recommended for second calvers or smaller framed cows 1100 -1300 lbs.
- *** Should be minimal problems for moderate size heifers.
- * Recommended for mature cows 1400 lbs. plus.

ELITE DAM The Canadian Angus Association's ELITE DAM program is an effort to identify superior cows in the Angus breed based on early puberty, breeding, regularity of calving and above average performance of offspring.

ELITE DAM Aptly named, King Kong has towered above his peers with extreme performance and growth. Blessed with a great head and neck set that merges into smooth shoulders the length of spine continues on, length = pounds at weaning. Athletic and agile he is ready for work. King Kong is the natural calf of his dam who has been flushed for full siblings to this powerhouse. She is very productive, very maternal. Keep every daughter.

Dam RLH 7D

Wow! Just an April calf with unbelievable stats! He excelled on the cow with adjusted weaning weight of 940 lbs. giving him a weaning index of 142 and competed with the big boys on feed to be the 2nd top performing bull of the pen for a feed index of 128, yearling index of 117. Phenotype compliments the numbers, he is strong topped, square made, smooth shoulders, ample middle and muscling well into the stifle. The best yet is that he is backed by a model Buster daughter who has already produced herd sires for Lust Farms (Red Lauron Firecracker 58F) and Shiloh Cattle Co. (Red Lauron Justin Time 113J) as well as one daughter retained. Komadore "commands" attention from every angle! **SALE FEATURE!**

Red Dwajo Mack 4F Lots 13 - 31

A deep pigmented calving ease specialist with performance and eye appeal, great footed, outcross genetics, progeny average 75 lbs. Our largest sire group again, the females are also good, productive, with well formed udders. High selling lot for the good folks at Dwajo Angus in 2019. Semen available.

With a beefy body build and plenty of length of spine, Karson is a typical Mack son and shows his heritage well with Blockbuster as grandsire. Dark pigmented with sturdy black feet, a prime candidate for the heifer pen but has enough jam for the cows too. Dam has been a favourite all along, grand dam 76W calved right on schedule again.

Tidy fronted and finer boned, an excellent candidate for the heifer pen. We specifically bred the dam 24Y to Scenic Route to produce a powerful heifer bull candidate and what a result. Full of red meat, excellent skull shape and a strong weaning weight. Dam has also produced bulls to Les Engman, Tom Hunter and Blades Angus and youth projects.

Sire of lots 41 & 44 - JRA 8Y

A substantial fella, expect the Karate Kid to add a kick to your program! Expect him to have a little more frame as he matures. We adore the Scenic Route daughters as what was intended when we AI'd this cow. He was sold as a mature bull to RSL Red Angus where he held court for many years.

Red Lauron Hired Hand 80H Lots 45 - 56

A home grown herdsire we admired at an early age he is an all around valuable piece, performed well, eye catching, good footed, strong maternal attributes from his lovely dam. A good sampling of his first calf crop on offer. He averages just BW 83 lbs on his calf crop and sons performed very well.

Maternal strength comes to the fore with this deep red hided bull but has some performance numbers to boast too. Dam has had a pretty decent track record, deep and broody with lots of milk, only recently retired after 13 years of service.

BW: 80 lbs	205 ADJ: 688 lbs	365 ADJ: 1157 lbs	CE: ***
------------	------------------	-------------------	---------

We think quite highly of this guy and his future potential. We really debated keeping him to use ourselves! He is an ET production of an ideal cow and the popular sire Comin In Hot. Dam - 52M was a superb footed and uddered cow we flushed at age 14 before she was retired. Two maternal sisters are in production within our herd and multiple maternal siblings have been selected for female sales over the years. Just an 80 lb birthweight and very ideally well balanced overall.

If length is hard to breed for, this little darling could add to your herd. Momma has been consistent in her production and has a great udder structure.

A strikingly sweet Mack daughter, 81K is showing great potential to become a herd builder. Strong over the top, over the rib and through the hind quarter. The Mack daughters have square, well formed udders and are functional mothers with shiny futures in any herd.

A sweet and feminine doll, we were very impressed when a maternal sister calved this spring, giddy with momma and overly joyous with grand dam 30Z over the years. Here's a chance like no other

------------	------------------	-------------------

We probably shouldn't be letting very many Trooper daughters leave the farm after seeing the first set of daughters drop beautiful udders this winter. Part of the reason we purchased Trooper was the cow power behind him. 103K started small at birth, is big middled, feminine and has a stacked EPD profile as well.

ELITE DAM Ranked very high on the performance scale and when you access her attractive profile she fills in all the correct boxes. Trooper daughters are keepers, it's hard to know what you've got in a herd bull until the daughters come into production. Outcross pedigree, outstanding stats, pretty as a picture and amazing potential. This wee Lassie is hard to part with. **SALE FEATURE!**

COMMERCIAL HEIFERS

Approximately 20 head of Red Angus heifers selling without papers, will be palpated and sorted into lots of 2-4 according to weight. Sourced from Ric Arthurs or home raised.

SALE TERMS AND CONDITIONS

TERMS: The terms of the sale are cash or cheques payable in Canadian funds upon the conclusion of the sale. The right of property shall not pass until after settlement is made, no animal will be released from the premises until settlement is made. Each animal becomes the risk of the purchaser as soon as sold. Each animal will be sold to the highest bidder. In the case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision will be final.

CERTIFICATE OF REGISTRATION: A certificate of registration will be transferred when payment is made in full.

ANNOUNCEMENTS: All announcements made from the auction block will take precedence over the printed material.

BREEDERS GUARENTEE: All animals are sold as guaranteed breeders as outlined by the CAA bylaws. No guarantee is given that a bulls' semen will freeze. All bulls will have passed a semen test prior to the sale. A bull may be replaced with one of equal value, guarantee does not apply to bulls injured, sick or uncared for. Under no circumstances shall the seller be liable for more than the purchase price of the bull.

INSURANCE: Insurance will available sale day.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of the buyers, neither the sale manager, auctioneer or owners assume responsibility in this matter and liability, legal or otherwise in the event of accident or loss of property. All persons attend the sale at their own risk.
